**Recommendation for Mr Milan Forrat**

To whom it may concern,

We have worked with Mr. Milan Forrat a few times this year for the entertainment of our Club, LED Bangkok, as a DJ.

Mr. Forrat takes his job at heart and has high standards for quality and accuracy in the music he plays. Milan possesses the determination and will that has allowed him to gain experience through time. The nights Milan played in the club have shown his care for details and ambience control. He has the ability to turn on the dance floor and play different styles of music. We are convinced he will excel the parties to come and we are confident he will fit in and offer a grooving experience to all.

We gladly accepted to write this recommendation for Mr. Forrat because we are grateful for his contribution to our club and very confident that he has what it needs to perform in other clubs. Please feel free to contact us if you have any questions regarding his work.

Sincerely,

For **LED Club Bangkok**
